## LISTING OF AVAILABLE ADVISORY CIRCULARS

---

### SECTION 1 GENERAL

#### 1.1 PURPOSE

This Advisory Circular (AC) provides a listing of advisory circulars that have been issued by the Ghana Civil Aviation Authority (GCAA) to prescribe acceptable methods for compliance with the Ghana Civil Aviation Directives (GCADs).

#### 1.2 STATUS OF THIS ADVISORY CIRCULAR

This AC is an original issuance.

#### 1.3 APPLICABILITY

This advisory circular should be consulted by the individuals and organizations subject to the safety oversight of the Ghana Civil Aviation Authority for guidance regarding acceptable methodology for compliance with the GCADs.

### SECTION 2 LISTING TABLES

#### 2.1 PREFACING ADVISORY CIRCULARS

The applicable advisory circulars that have been issued as prefacing information for the Ghana civil aviation directives include—

AC#	AC TITLE
AC 00-001	Listing of Available Advisory Circulars
AC 00-002	GCAA Generic Certification Process

- Advisory Circulars are intended to provide advice and guidance to illustrate a means, but not necessarily the only means, of complying with the directives, or to explain certain regulatory requirements by providing informative, interpretative and explanatory material.
- Where a directive contains the words “prescribed by the Authority,” the AC may considered to “prescribe” a viable method of compliance, but status of that “prescription” is always “guidance” (never a directive).
