

SUMMARY OF EXEMPTIONS & DEVIATIONS ISSUED

SECTION 1 GENERAL

1.1 PURPOSE

This advisory circular (AC) provides a summary of exemptions and deviations that have been issued by the Ghana Civil Aviation Authority to approve alternate methods for compliance with the Ghana Civil Aviation Directives (GCADs).

1.4 EXPLANATION OF THIS SUMMARY

1.4.1 EXPLANATION OF SECTION 2: SUMMARY TABLES

Each issued exemption or deviation will first appear in Section 2 of this advisory circular in a summary listing table for ease of reference—

- 1) As a summary line item in the tables in Section 2 of this AC , under the sub-section for the specific Directives Part (sorted by Directive section number and subparagraph); and
 - ◆ Example summary listing (EX=Exemption; DV=Deviation)

- Advisory Circulars are intended to provide advice and guidance to illustrate a means, but not necessarily the only means, of complying with the regulations, or to explain certain regulatory requirements by providing informative, interpretative and explanatory material.
- Where a regulation contains the words “prescribed by the Authority,” the AC may consider to “prescribe” a viable method of compliance, but status of that “prescription” is always “guidance” (never a regulation).
